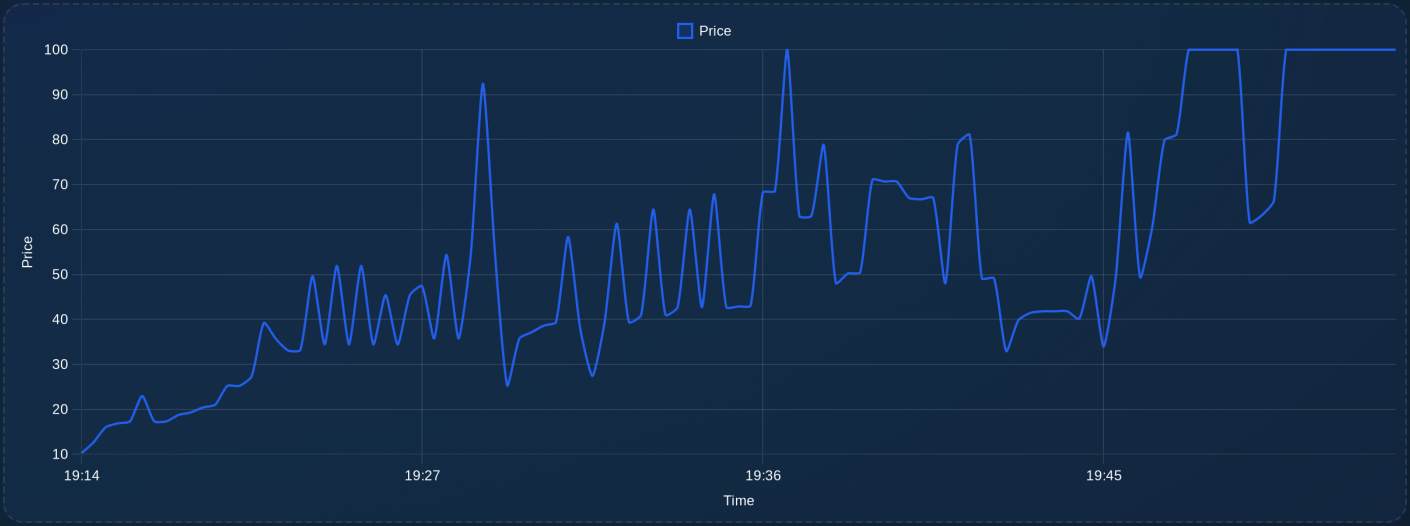
PRICE HISTORY



FEEDBACK HIGHLIGHTS

The feedback for IXM Capital Management indicates a strong interest in the startup's concept and pitch, with several investors expressing confidence in the founder's capabilities. Many investors highlighted the uniqueness of the idea and its potential in the market, particularly in asset management using AI tools. However, there are concerns regarding accessibility for everyday investors and the need for a clearer value proposition. Overall, the pitch was well-received, but addressing liquidity issues and market positioning could enhance investor confidence further.

Very strong pitch and presentation

(Derrick Johnson)

Why included: Highlights the effectiveness of the pitch, indicating that the presentation skills are a strong asset.

Asset management using AI tools in the market now

(Abhinav)

Why included: Points to a specific area of focus that could be leveraged for competitive advantage.

Gotta pitch as you would to consumer. What value do you bring?

(Elena L)

Why included: Encourages the founder to refine the value proposition for better market appeal.

Not available for everyday investors

(Manny Chohan)

Why included: Identifies a potential barrier to market entry that needs addressing.

Because

(Jack Shannan)

Why included: Suggests a need for clearer reasoning behind investment decisions, which could improve investor understanding.
